

# LEMON DEODORANT

## Concentrated Water Soluble Deodorant

**LEMON DEODORANT** is a concentrated water-soluble deodoriser. Designed to control odors in offices, restaurants, day care, nursing homes and hospitals. Use wherever odors are a problem. **LEMON DEODORANT** leaves a clean fresh scent. Formulated for effective deodorizing action against all common odor sources such as those originating from pets, smoke, mustiness, vomit, food, urine, etc.

Compatible with most cleaning solutions. May be added to mop water, carpet shampoo and extraction detergents. For long-lasting room air deodorizing add **LEMON DEODORANT** to humidifiers, heating and air-conditioning ducts. Use it in the washing machine to control laundry odors.

**Room Deodorizing:** Mix 1 part product with 40 parts water and spray in air or on drapes. **DO NOT SPRAY UNDILUTED OR IF ROOM IS OCCUPIED.**

**Nursing Homes and Hospitals:** Place a few drops of concentrate in urinals, bed pans, drainage bottles, etc.

**Floors and General Cleaning:** Place 57 ml (4 oz.) in a bucket of mop water. For automatic scrubbers, use 57-114 ml. (4 to 8 oz.) in reservoir.

**Other Uses:** Garbage cans, lockers, mattresses, diaper pails, tents, litter boxes, air filters, kitchens, laundry rooms, etc.

**Bed Pans:** After cleaning bed pans, add a drop of concentrate directly into bed pan before returning to patient.
