

Rolling Nature

REVOLUTIONIZING GREEN THINKING

FRESH NATURAL PLANTS IN EXQUISITE POTS

Founded in 2013, we are a live plants company. Rolling Nature offers a finest selection of Indoor Good Luck Plants (Feng Shui & Vastu), Air Purifying Plants (NASA Approved), Exotic & Ornamental Plants. Indoor plants in exquisite colorful planters are a fantastic, beautiful way to transform your otherwise dull or boring environment to a lively one. We aim at bringing the garden indoors for home & workspace with our exclusive range of indoor plants, delivered safe & secure to your doorstep.

We emphasize the use of plants as alternative gifts for any occasion or event. We call it “Green Gifting”. Why choose normal gifts when you can give a live plant instead that lasts forever! We are a pioneer in “Customized Green Gifting Solutions”. Gifting a plant comes with advantages like: enhancing aesthetic appeal, increasing work efficiency, reducing carbon footprints & creating a green value. Sharing & gifting a plant lets you straightaway connect with Mother Nature. It also adds towards the company's environmental responsibility initiatives, a part of corporate social responsibility.

With the passion to provide great products & services, Rolling Nature is committed to getting you the freshest, handpicked & quality-checked plants. Once unpacked by the recipients, our products are ready-to-display instantly. They are exquisite & elegant which blend perfectly with interiors at home & work space.

Rolling Nature versatile & durable ceramic pot collections are handcrafted, inspired by pottery around the world. Our plastic pots are of highest grade quality. The potting mix is unique, which means better plant shelf life, healthy growth, less watering & easy maintenance. Rolling Nature also provides innovative & creative customized green decor solutions to accentuate your interiors. This includes made to order ceramic planters of any size, color & texture. It is combined with suitable plants for different conditions both outdoors & indoors.

Our plants are packed with love & care. All our plants are carefully selected by hand, prepped, bagged, wrapped & boxed in specially designed plant boxes to ensure they arrive in the best possible condition to our customers. We have developed a unique packing method through years of research & testing. The packaging ensures that plants stay intact in crisp condition, throughout the transit & at the time of delivery. We provide plant care information & tips for Feng Shui Placement too. Moreover, we provide 7 days freshness guarantee & free replacement for transit damage.

We pay meticulous attention to every little detail to ensure that our customers can enjoy the many benefits of plants we provide. We have earned our name through products of topmost quality, an impeccable & incomparable extended customer support, for the love of plants.

AIR PURIFYING & GOOD LUCK

Why buy air-purifiers & humidifiers from the market when you can have natural live plants as effective air-purifiers & humidifiers. In addition, these plants bring Feng Shui & Vastu good luck, health, wealth & abundance. NASA calls plants as "Nature's Life Support System."

"Phytoremediation"—use of plants to clean air comes amid mounting concerns about the quality of indoor air. Energize your home or workspace with these auspicious, air purifying beautiful plants.

1. White Syngonium
2. Anthurium
3. Peace Lily
4. Green Syngonium
5. Money Plant
6. N'joy Money Plant
7. Aglaonema
8. Pink Syngonium
9. Golden Pothos

AIR PURIFYING

Ferns, Spider & Snake plants are known as effective air purifying plants. They are also good humidifiers. All these plants top in the air-purifying list of NASA (Clean Air Study). Ferns remove air pollutants like, toluene & xylene. Spider or Air plant removes benzene, xylene, formaldehyde & carbon monoxide. Snake plant or Sensivieria is known for releasing night-time oxygen & removes toluene. Presence of these plants leads to a purer quality of air, good health & a better night's sleep.

FENG-SHUI

There's a well-known Chinese proverb "A Jade at the Door, Poor No More". It makes a perfect gift. The succulent's vibrant green leaves symbolizes growth & renewal, closely resembling jade coins or stones which represent wealth & prosperity. The Jade plant gives off nourishing "chi" the positive energy for health, wealth & abundance. At home & workplace, the right placement for monetary luck is the entrance or southeast direction. Jade plant activates good financial energies according to Feng Shui & Vastu experts.

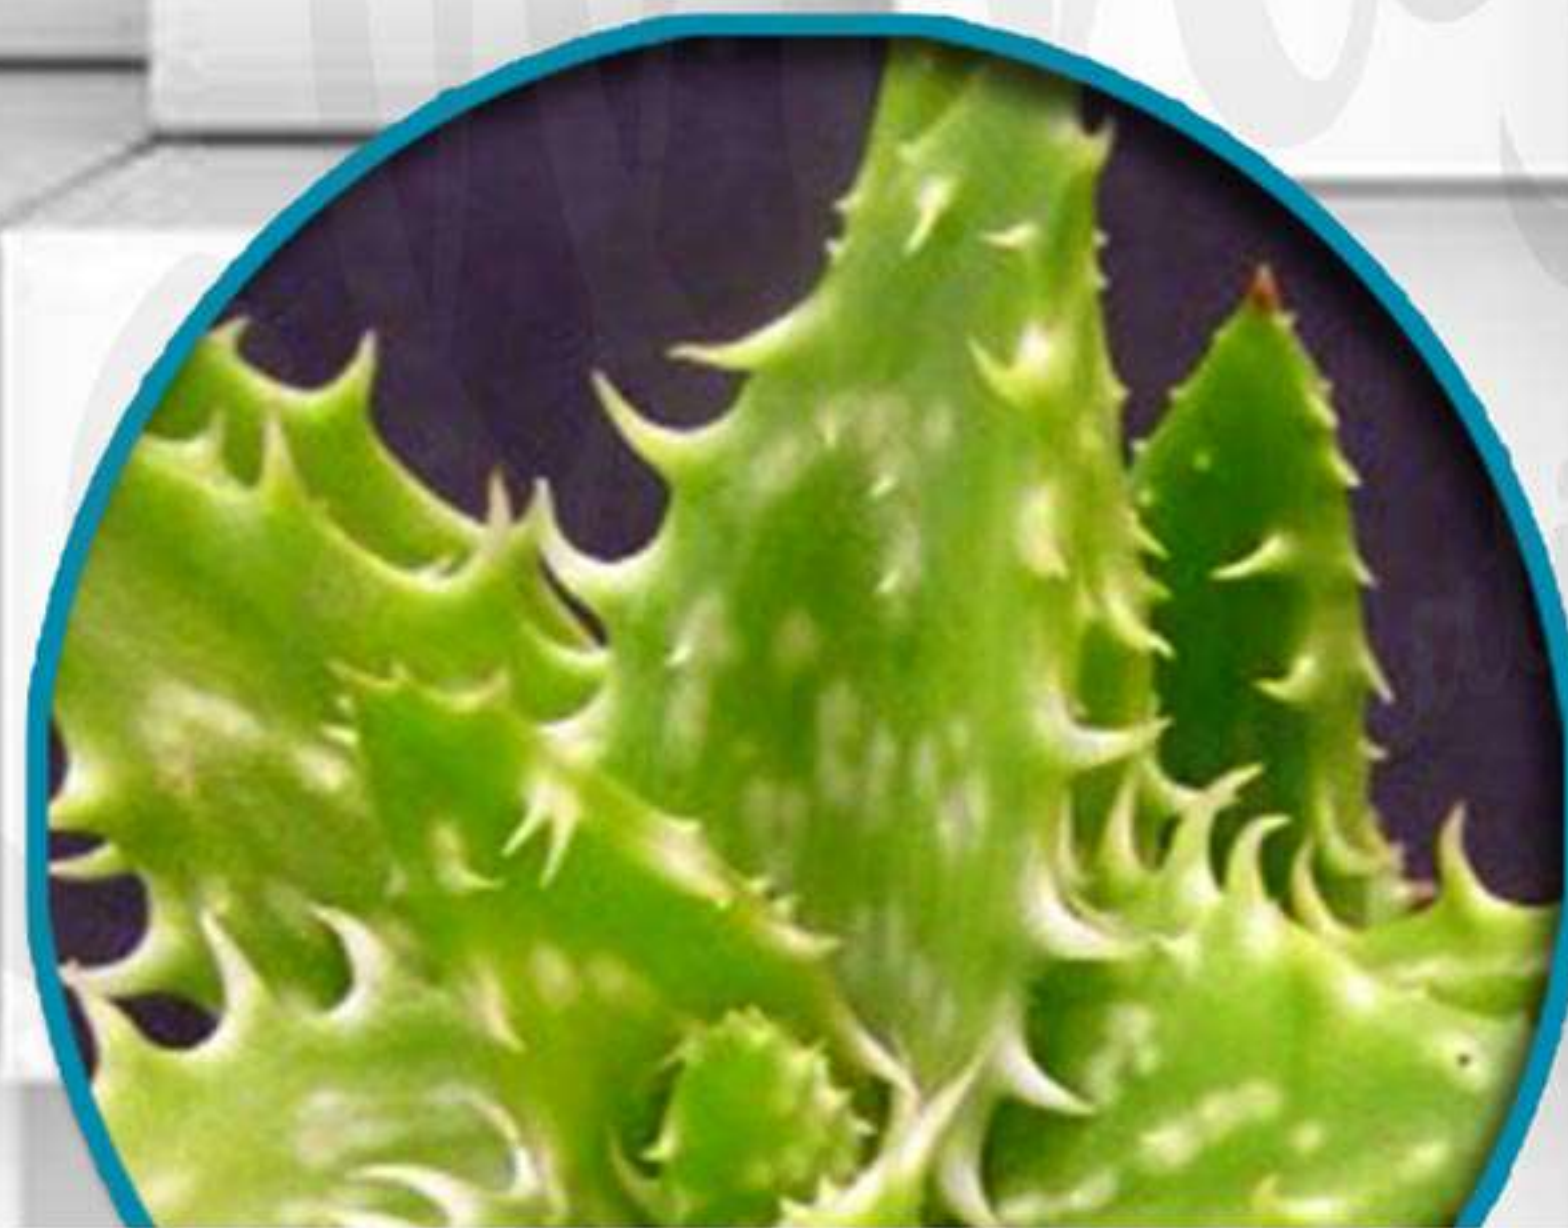

JADE

FAIRY CASTLE

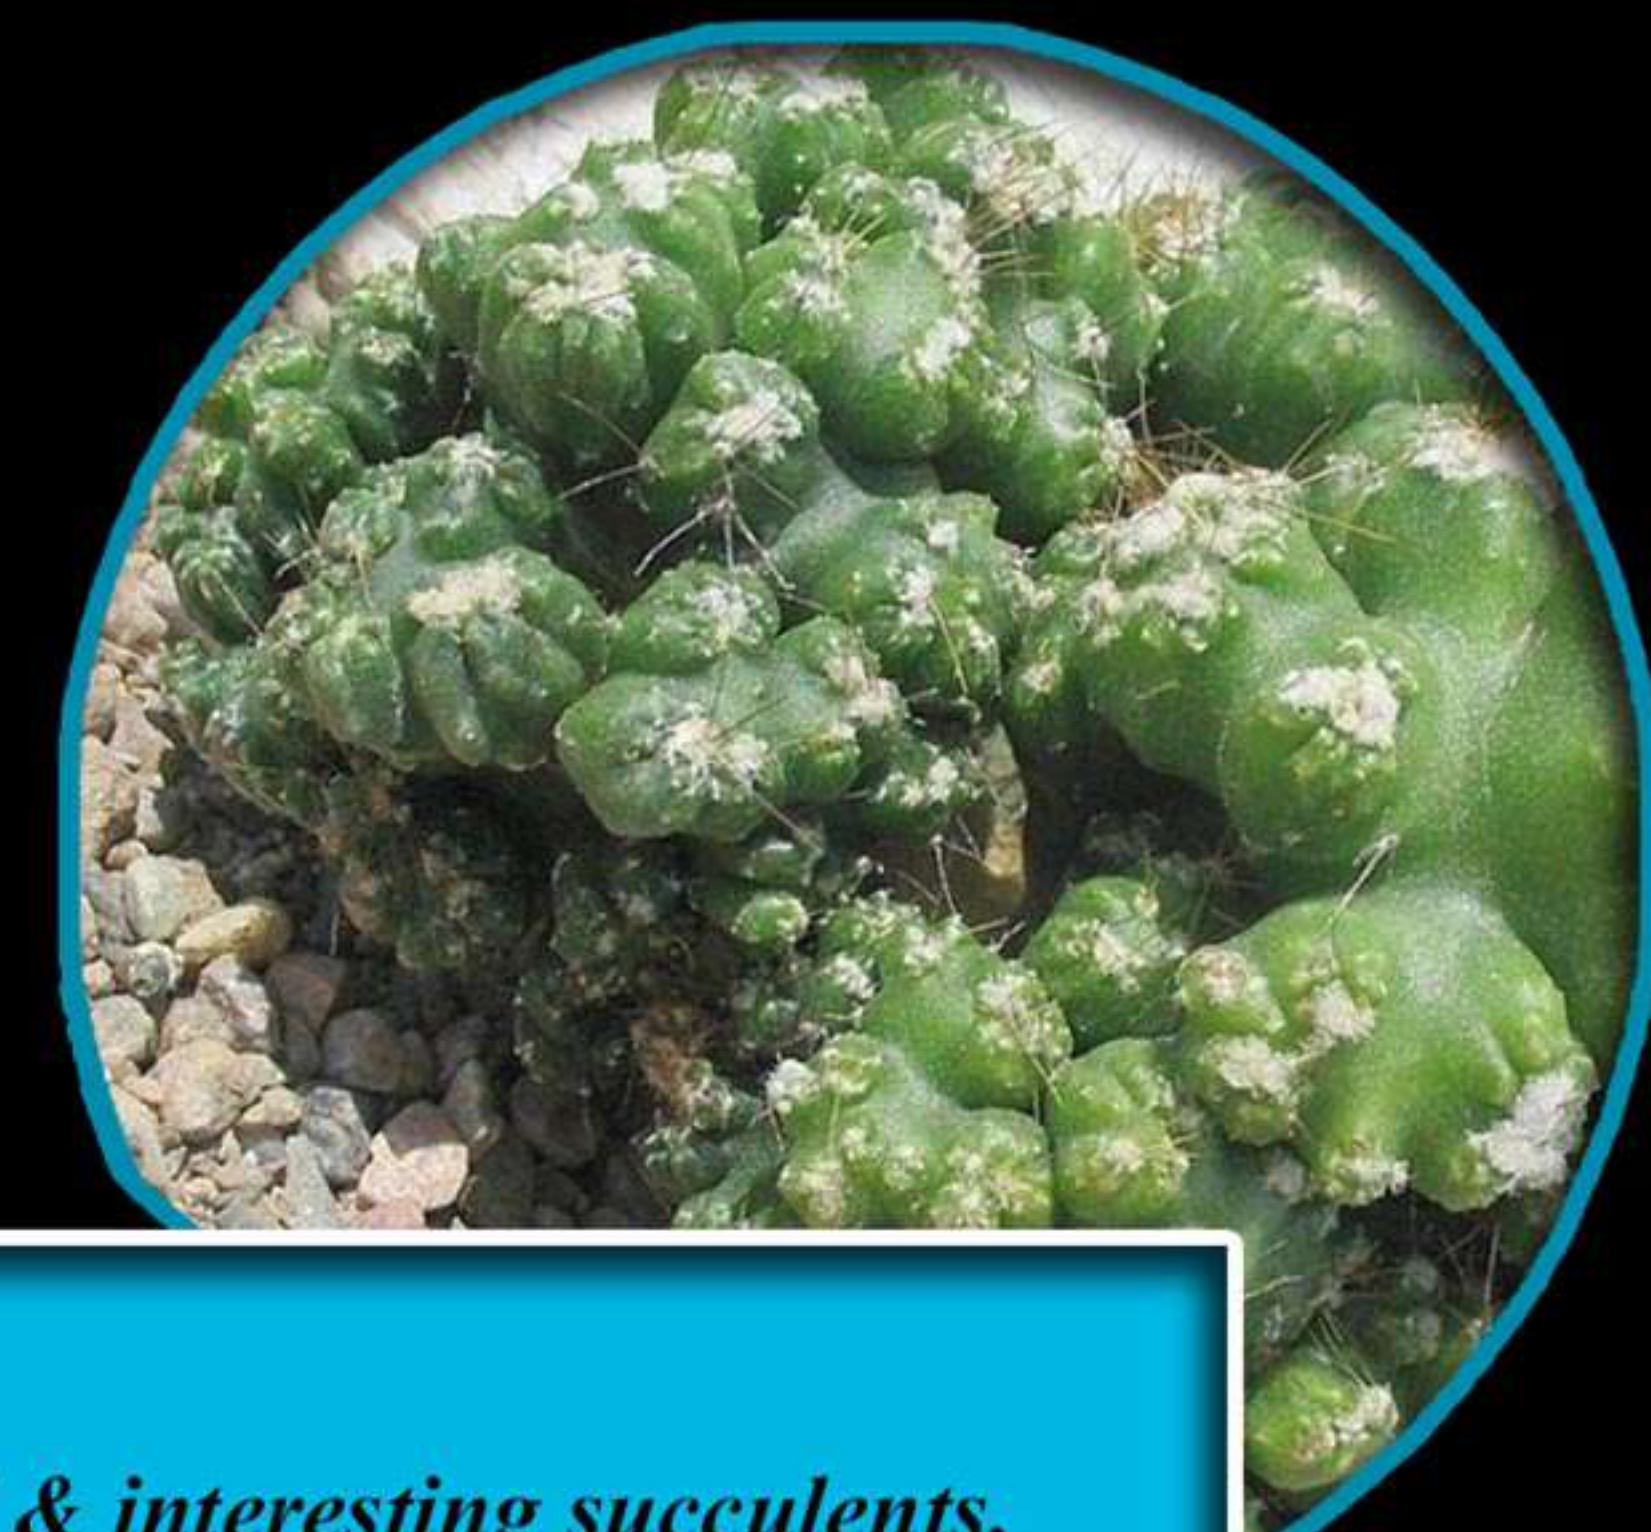

ALOE JUVENNA

HAWORTHIA

MONSTER CACTUS

SUCCULENTS

Growing cacti & succulent plants can be an addictive pastime for plant lovers! If you're looking for beautiful & interesting succulents, look no further. We offer a variety of unique cacti & succulents.

ARALIA

KALANCHOE

ADENIUM BONSAI

ORNAMENTAL

Ornamental Plants are grown for their sheer beauty & pleasing appearance. Green exquisite foliage of these exotic plants is simply gorgeous! These houseplants decorate, freshen up, humidify & remove excess of Carbon Dioxide from your interiors. They help you to relax & rejuvenate. They create a comfortable, healthy indoor environment. Plants in offices & home alike bring a visually enhanced perception of your space. They add texture & accent to otherwise dull & boring interiors. An office or home teeming with vibrant greenery is very inviting & welcoming to visitors.

Bring Garden Indoors! Breathe Fresh!
 Indoor plants can significantly improve Indoor Air Quality (IAQ) by oxygenating & humidifying the air & effectively removing harmful toxic indoor pollutants, VOC's, dust, bacteria & moulds.

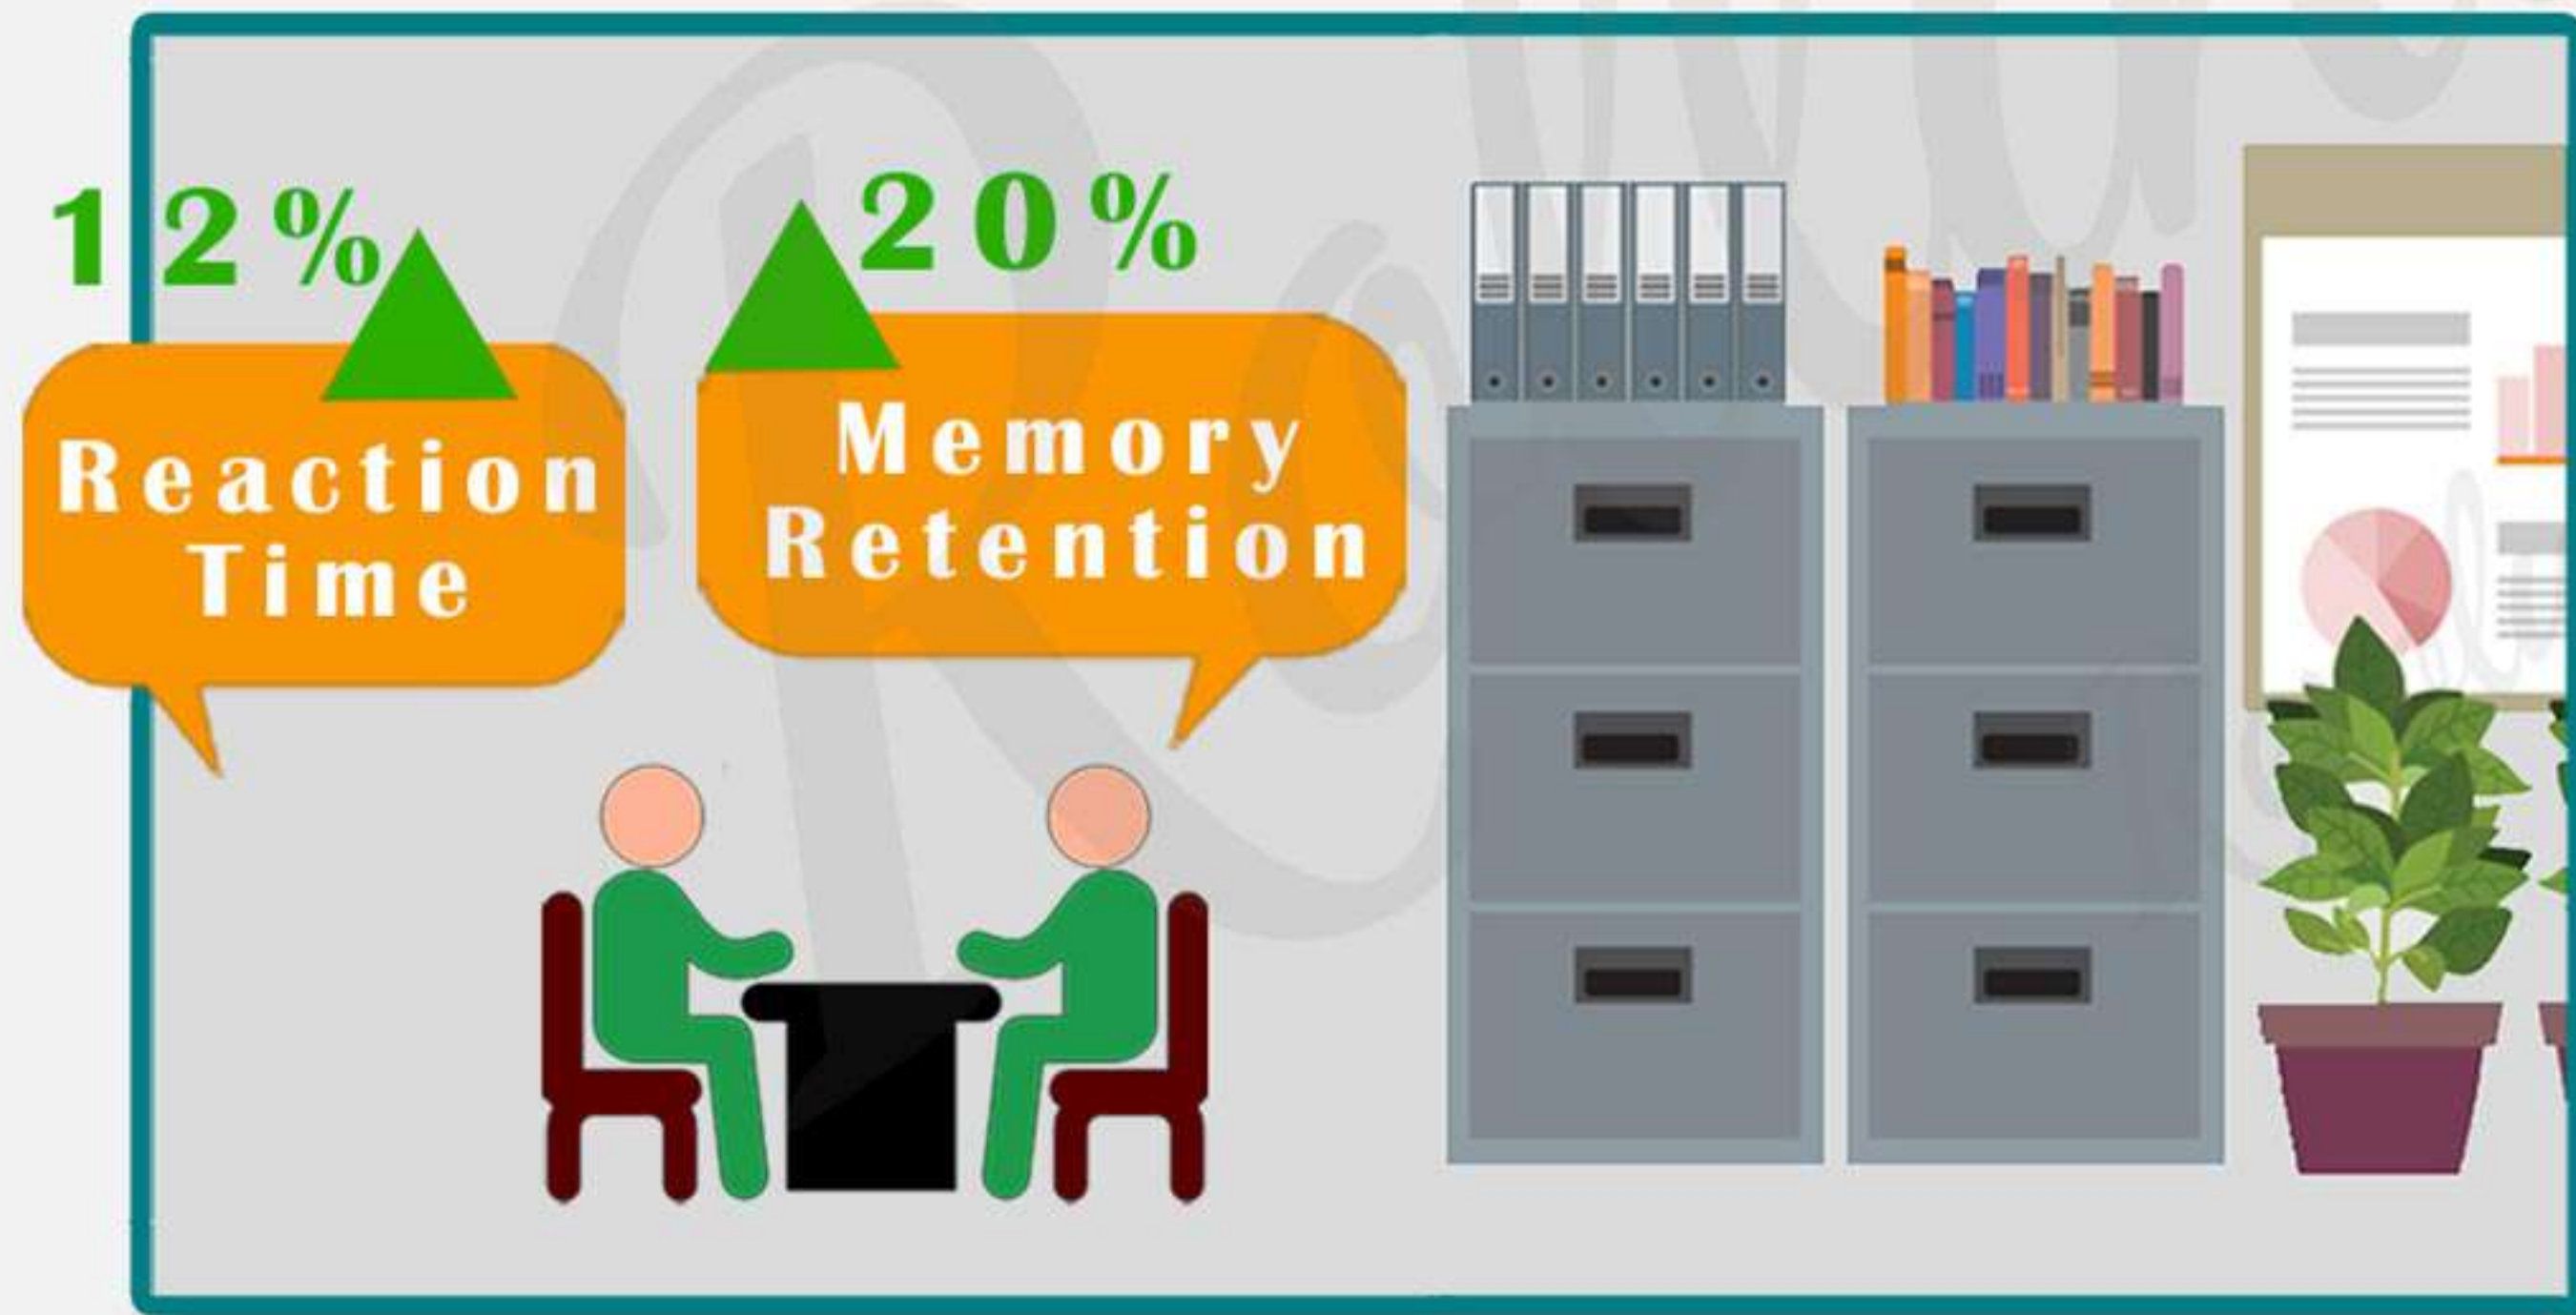

INDOOR AIR QUALITY

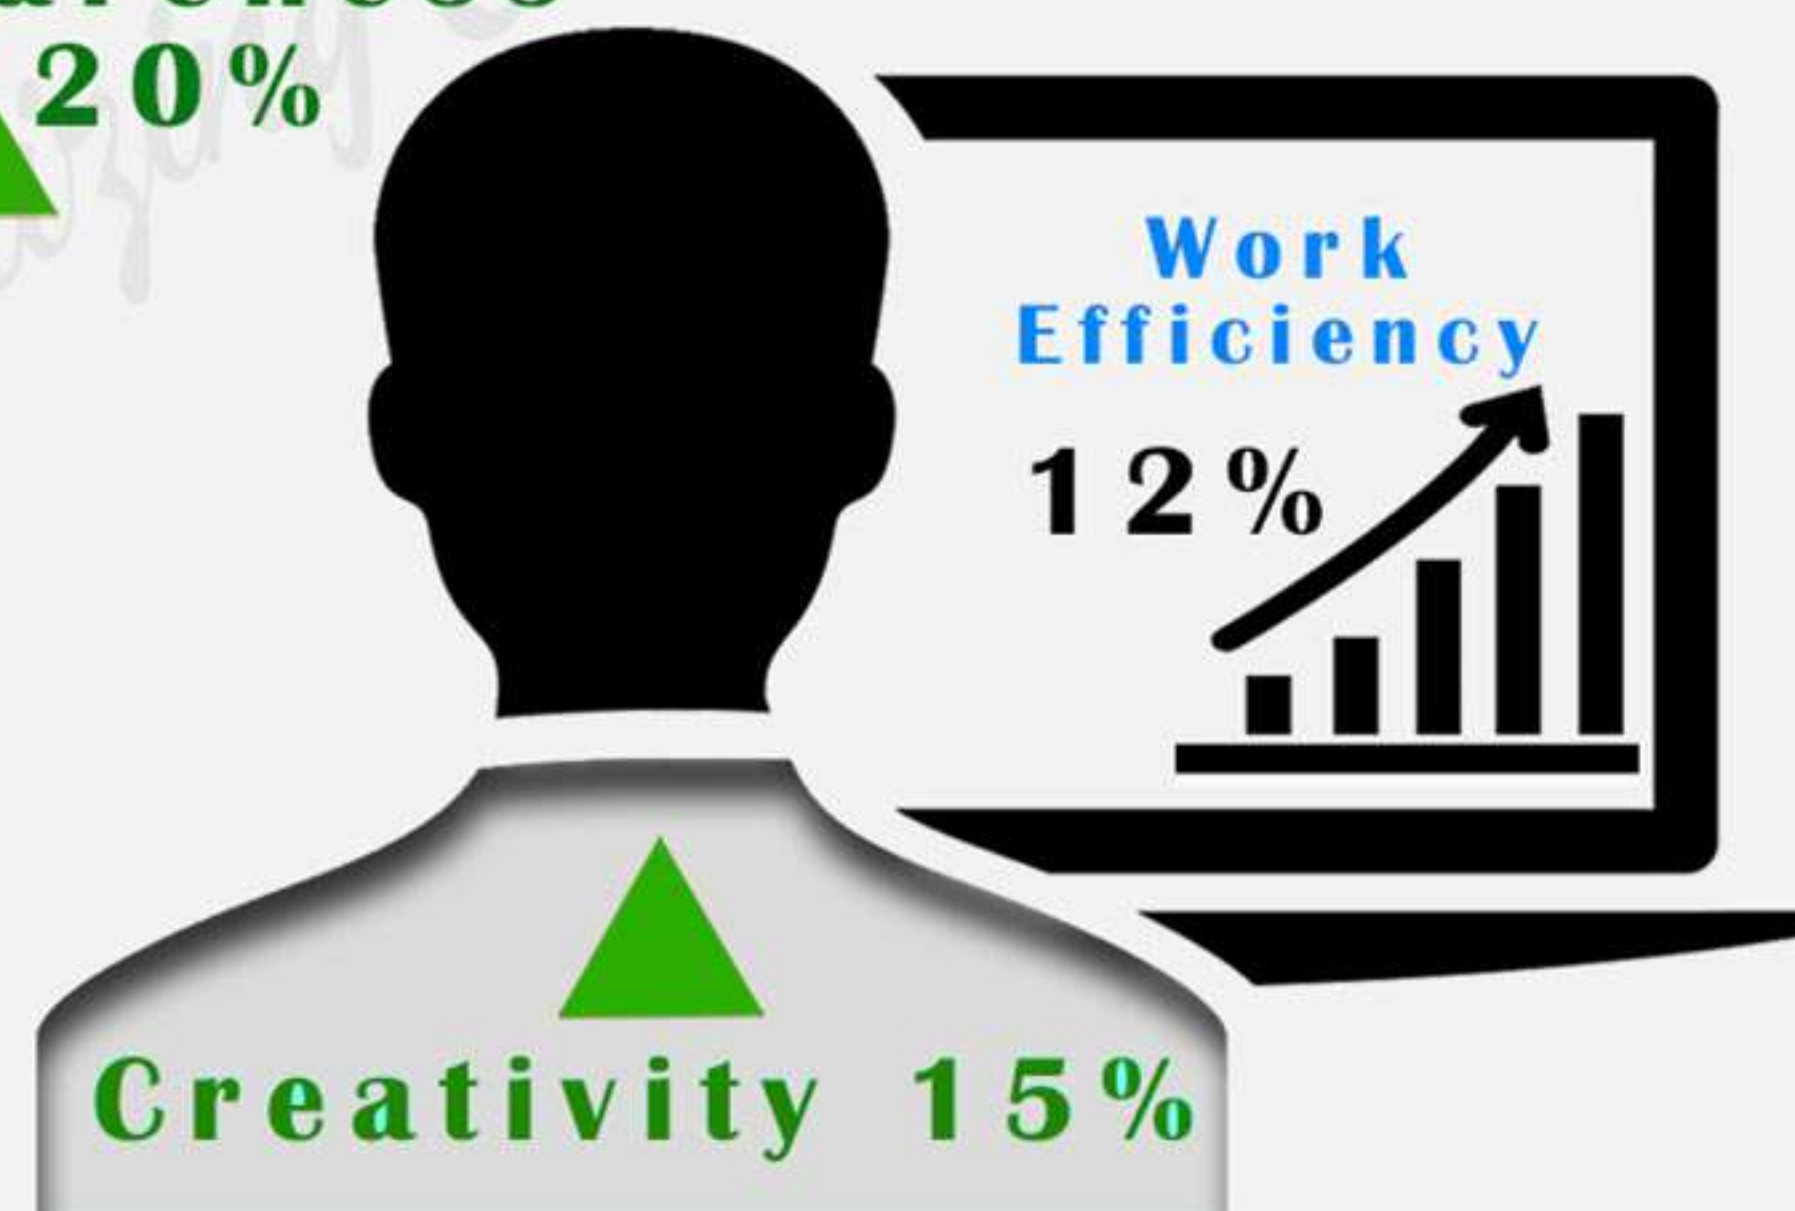

* **2-5x More Pollution Indoors Than Outdoors**

NASA **1 Plant Per 100 Sq Feet Improves Air Quality**

87% Toxins In 24 Hours decrease

Awareness 20%

Simply adding some indoor plants offer visually meditative experience & increases overall work productivity in employees & organisations.

PRODUCTIVITY

*References : NASA (National Aeronautics and Space Administration) Clean Air Study, Environmental Protection Agency, World Health Organisation

Phytoremediation:
Purifying Indoor Air through Plants

Accumulation of contaminants from air

Metabolization of molecules in leaf tissues

Degradation of pollutants through microbes in roots

Immobilization of pollutants in the soil

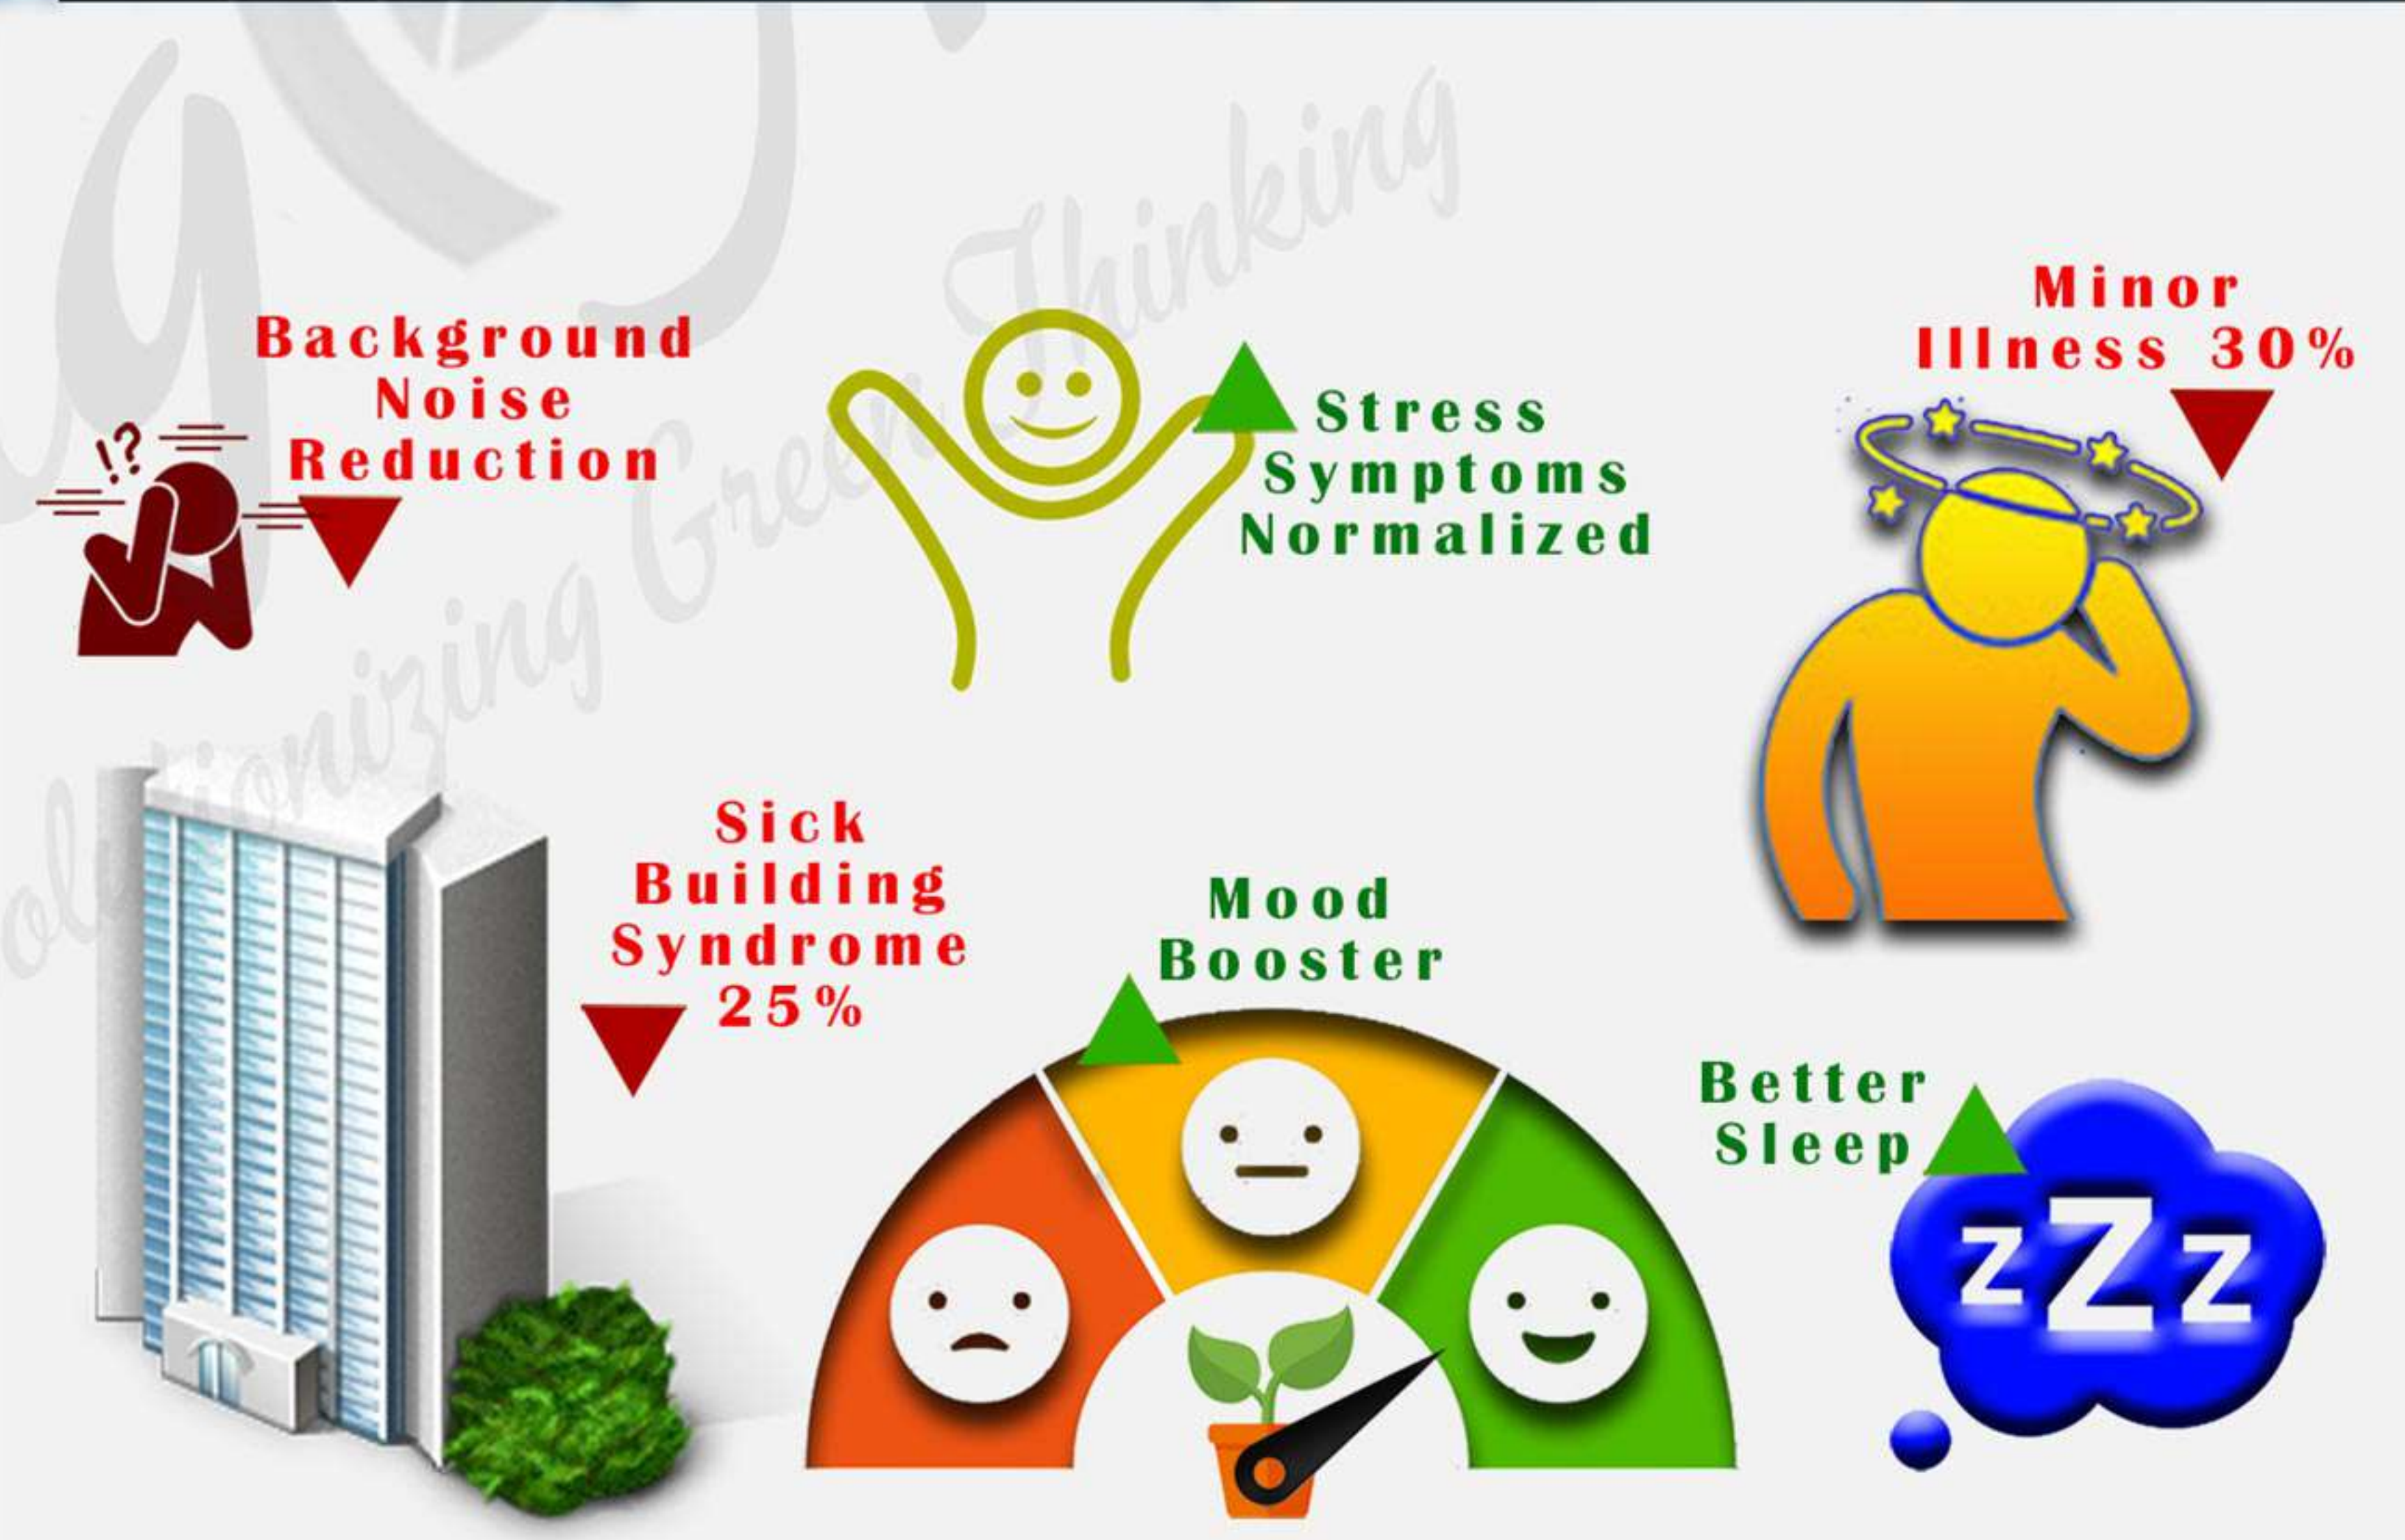

What's In Our Air ?

- Ammonia:** window cleaners, floor waxes
- Benzene:** plastics, rubbers, furniture wax
- Xylene:** rubbers, printers, leather & paint
- Carbon Monoxide:** cooking stoves, water heaters
- Trichloroethylene:** printing inks, paints, varnishes
- Formaldehyde:** paper bags, plywood, paper tissues

Plants have proven physical & psychological benefits. Plants avert various illnesses & alleviates stress & anxiety. Presence of plants lowers headaches, fatigue, dizziness, nausea, allergies, skin dryness & blood pressure. Plants help avoiding Sick Building Syndrome caused by poor air quality, excessive background noises, inadequate control of light & humidity. Plants create a tranquil & healthy environment. Plants boosts our mood & helps in inducing a good night sleep.

SPECIAL DAYS

Live plants are the latest gifting trend.

When it comes to plant gifting there are so many choices!

Our team always has unique gifting ideas for all occasions. Plants are the memorable gifts given at special days which are celebrated with so much fervour.

Choose a Live Natural Growing Gift which showers warmth & care for the ones you wish well. Plants are great gifts for festive seasons for all your relatives, friends & loved one's.

Rolling Nature offers not just plants but also special festive combos with personalized greeting cards. Diwali combos include Ganesha idols, candles or diyas in festive packing. We also provide Christmas trees with decorative accessories for Christmas. To mark special ceremonies or occasions we can customize the gifts & cards matching to the theme as desired. Be it your's or someone else's special day, plants work best as return gifts. Plants are a thoughtful gift. As per Vastu & Feng-Shui experts, plants in our day-to-day lives, activate positive energy.

Growing live plants infuses more vibrant energy at home & workplace, which brings in lots of fresh air, health, wealth & abundance. Your recipients will admire these gifts, forever & memories of your special day will be cherished for a lifetime.

Make an impression that lasts forever on your near & dear ones.

Being environment friendly is so wise & urban too.

There's nothing more precious than to nurture a life!

How do we develop our plants?

We develop plants by tissue culture in highly equipped facility in aseptic conditions. They are cared with love & nurtured for months, to reach the size you receive.

How do we ensure top quality plants commitment to our customers?

Our plant quality experts ensure only healthy, robust & pest-free plants are picked for orders. Freshest plants are meticulously hand-picked & are preconditioned with nutrient medium to meet environmental conditions to be encountered in transit or at the final destination.

How do we pack live plants for safe delivery to your door step?

All our plants are carefully prepped, bagged, wrapped & boxed in specially designed sturdy plant boxes which are crush resistant with air ventilation holes. The packaging is unique where plants don't get damaged even if the box is turned upside down. We ensure our product arrives in the best possible condition at your doorstep.

Do we provide any plants guarantee?

This is an exclusive feature from Rolling Nature, where you don't need to worry about the damage transit or plants condition not up to expectation on delivery. Although, we have negligible return/replacement rate because of top notch products, we still provide 7 Day Freshness Guarantee.

What's special about the pots?

We offer an exclusive variety of highest quality designer pots in ceramic & plastic. Ceramic pots are handmade, doubly fired, heavy weight, glazed or textured by skilled craftsmen. Rolling Nature pots draws inspiration from the beauty around you.

Why is our potting mix unique?

Our potting mix is a best combination for plants in containers in a right proportion which increases shelf life of the plants. It is a mixture of soil, manure & coco peat. It retains water well & provides aeration which means less watering & easy maintenance.

How do we ensure plant health after delivery?

We know that the survival & health of the plants depends on how you take care of it after delivery. We add "how to care" & "placement" detailed instruction leaflet along with the plant to guide you for the proper care & healthy growth of the plant. If you need any further assistance, we are always happy to help. We have earned our name through top quality products, extended customer support services with complete customer satisfaction. We take our customers' requests on top priority & resolve any issue that comes to us at the earliest.
