### DESCRIPTION

This Product is made in Europe. The Sterling Pro Green SPC465 chest freezer features a unique Triple Mode, which gives you the multiple functions of a chest freezer, a chiller and a fridge all in the same unit. This incredible flexibility means you can switch the function to suit menu and seasonality changes at short notice without investing in additional equipment:

- Chest Freezer, frozen storage (-18°C to -24°C).
- Chiller, ideal for storing meat with hanger (-1°C to +1°C).
- Fridge, food storage & dump fridge for drinks (+4°C to +6°C).

As part of Sterling Pro's green range, energy efficiency is assured. Energy consumption is an essential consideration for refrigeration which needs to run 24/7. This A+ rated appliance uses as little as 1.1kwh per 24 hours meaning it can be ran from as little as 15p per day. This is also available in a larger gross capacity of 572 Litres - Sterling Pro Green SPC570
