## KEY FEATURES

SAFEXS

### PASSWORD RESCUE SERVICE

No need to worry if you forget your password, you can reset securely without losing your data.

**XTS MODE** | Strong AES256-bit hardware encryption in XTS-Mode.

**BACKUP** | Password protect, encrypt and backup your file and folders to your desktop, NAS or the cloud.

**SHAREPROTECT** | A portable secure file sharing solution, which allows you to encrypt your device and computer files and share them with colleagues or business partners.

**AUTO-DESTRUCT** | Set the device to wipe on a given date and time.

**COMPUTER PROTECTION** | Protect your device and computer from unauthorised access by automatically locking, logging out or shutting down your computer if your device is left unattended.

**FAST** | Transfer data on and off your device with fast USB 3.0 speeds.

**BRUTE FORCE PROTECTION** | Prevents against password guessing attacks by resetting after 10 failed attempts.

**ROBUST** | Built from an aluminium housing that protects the epoxy dipped components from wear and tear.

**OPTIONAL MALWARE PROTECTION\*** | Protect against Malware infection with award winning ESET NOD32® antivirus engine.

**OPTIONAL CLOUDKEY\*\*** | Automatic encrypted backup of your Safexs files to your preferred cloud. Supports OneDrive, OneDrive for business, Dropbox, Box, Amazon and many more.

\* DriveSecurity™ powered by ESET is based on the ClevX DriveSecurity technology licensed from ClevX, LLC.

\*\* CloudKey™ technology is licensed from ClevX, LLC.

A secure USB drive that's built for government agencies to **PROTECT** your data from unauthorised access and accidental loss.

Safexs **PROTECTOR 3D** is a secure flash drive from CTWO Products that protects your sensitive government data from unauthorised access and accidental loss, with built-in encrypted backup, secure file sharing, computer protection, auto-destruct settings, optional ESET NOD32® antivirus engine and a whole raft of other security features, Safexs Protector will **PROTECT** your data like no other USB drive can.

Safexs **PROTECTOR 3D** has been designed specifically for government agencies to help reduce costs whilst still maintaining high security requirements. All Safexs Protector 3.0 drives are packed in bulk packaging which reduces empty space and removes unwanted avoidable packaging, helping save the environment.

CTWO Products AB

ABOUT CTWO PRODUCTS AB - A market leader in providing customised USB and encryption solutions out of its head office in Malmo, Sweden. Safexs has been deployed worldwide to government agencies, healthcare, education and corporates.
