

# LOCK WITH NOKĒ & UNLOCK A WORLD OF SMART SECURITY

## NOKĒ U-LOCK

This keyless smartlock provides the highest level of bike protection, and opens via a mobile app. This gives you control over who, when and where your locks are being used, from anywhere in the world. With a rubber-coated 14mm boron hardened shackle, a powerful security alarm, and an included bike mount, you can lock up your bike with complete confidence.

## SECURITY, COMPLIANCE, AND PRIVACY STANDARDS

Nokē customers operate in nearly every industry and region across the world, including highly regulated industries such as utilities and government applications. The privacy and safety of our customers is our top priority, so we ensure our products and services contain the highest level of security.

**BLUETOOTH 4.0**  
Bluetooth smart encryption technology

**CLOUD-BASED KEY TRANSFER**  
Keys are stored on secure servers to prevent compromising sensitive data

**CRYPTOGRAPHIC KEY PROTOCOL**  
Keys are assigned based on permission levels and used to encrypt all communication to and from the lock

**THIRD-PARTY TESTING**  
The Nokē system has passed rigorous third-party testing

**END TO END ENCRYPTION**  
Double-secured transmissions using end-to-end 128-bit AES encryption

**CUSTOM SECURITY LAYER**  
Additional custom-built encryption protocol prevents Bluetooth replay attacks

## COMPATIBILITY

All Nokē hardware offers a wide range of smart device compatibility

**iOS**  
iPhone 4S or newer models

**Android**  
Devices with BT 4.0, Android 4.4 or newer models

## WIRELESS CAPABILITIES

Nokē security services with remote control

**AUDIT TRAILS**  
Cloud storage for all audit trail data

**QUICK-CLICK ACCESS**  
Manage quick-clicks via the Nokē mobile app and web portal

## BATTERY JUMP-START

In the rare event that you lose lock power, touch an external battery to the lock to give your lock a jump-start

### BATTERY TYPE

Lithium AA

### LOW BATTERY NOTIFICATIONS

Stay up-to-date with battery notifications

### LONG-LASTING BATTERY

1+ years of battery life

## QUICK-CLICK ACCESS

Create a manual access code for any person who may not have a smart device

### ENTERING THE CODE

Press the button using short and long presses

**SHORT PRESS**  
+ blue light

**LONG PRESS**  
+ white light

## DIMENSIONS + DURABILITY

### SHACKLE DIAMETER

16mm

### WEIGHT

3.25lbs / 52oz / 1474g

### SHACKLE MATERIAL

Boron-hardened steel

### WATER RESISTANCE RATING

IP66

### BODY

Hardened steel

### OPERATING TEMPERATURE

-40°f to 140°f / -40°c to 60°c

## DOUBLE PROTECTION

We've gone the extra mile to not only protect your bike but to protect your lock as well

### POWERFUL 105DB ALARM

Sounds if lock shakes for more than three seconds or an incorrect quick-click code is entered more than four times

### HEAVY-DUTY RUBBER JACKET

Encloses entire lock to absorb shock and protect your bike from scratches

### SILICONE O-RINGS

Keep water and mud from penetrating into the electronics and protect against harsh environmental conditions

## CERTIFICATIONS

Nokē locks are always crafted with excellence, rigorously tested, and certified
