Step 1 - 3

DANGER: ELECTRIC SHOCK RISK
Turn off power before installing.

Matter Made recommends the installation of this fixture to be completed by a licensed electrician.

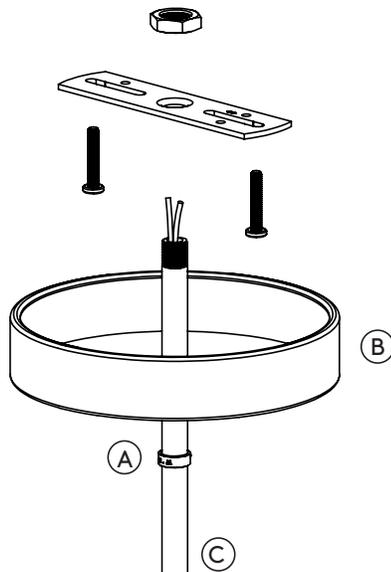

1. Remove fixture from packaging and lay on a protected surface.
2. Feed the wires exiting through the top of the drop stem.
3. Screw drop stem to top tier

Step 4 - 5

4. Loosen the set screw on the slip ring (A) and lower with canopy (B) gently down the drop stem (C).
5. Tighten the slip ring to hold the canopy up while accessing the cross bar.

Step 6 - 7

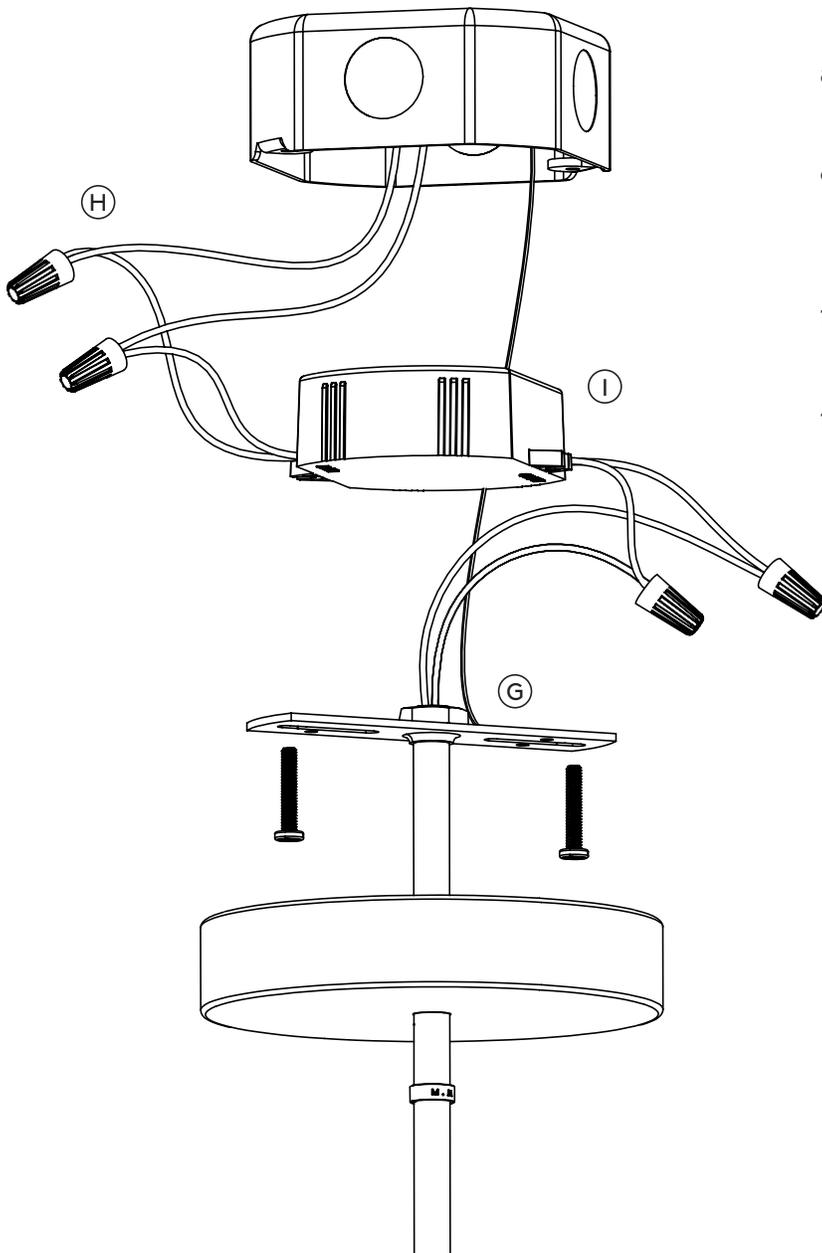

6. Screw on the cross bar (D) to the top end of the threaded drop stem with the nut (E).
7. Attach the Arca to the junction box in the ceiling by passing the two 8-32 screws (F) provided through the holes in the cross bar and into the threaded holes in the junction box.

Step 8 - 11

NOTE: The drawing is exploded for illustrating wiring and electrical connections.

8. Attach the green ground wire to the crossbar with ground screw (G).
9. Connect the live wires (H) to the input wire leads from the 24V LED Driver (I) that is provided with your order.
10. Then connect the output wire leads from LED Driver wires to the Arca.
11. The LED driver needs to be connected to the main power, allowing vvan adjusted current to power the LEDs. Never connect your fixture directly to power without a driver.

Step 12 -13

12. Once the crossbar is secure, tuck the connected wires into the Junction box (J) and raise the canopy (K) and the slip ring (L) up the drop stem (M). Make sure the canopy is flush to the ceiling and tighten the slip ring.

13. Enjoy!
