About Currentbody

- Based in Alderley Park with warehouses in United Kingdom, United States, Hong Kong, Japan, EU.
- Started back in 2009, when our two founders, Laurence and Andrew were introduced.
- Today, the team has grown to over 100 people, including a dedicated China based team.
- From the Sunday Times and The Telegraph to Vogue and Elle - you name it, we've been in it.
- 23 localised sites including Germany, Italy, Spain, Netherlands, Sweden, along with the USA and Australia.
- Joint venture with Thakral Corporation which will see us expand into China.
- Acquired Ziiip Inc. in 2022, US based company that sells its own devices.
- Northern Tech 100 League Table for the last three years running
- Finance team of 6 people

About Us

We are the first company to recognise one of the fastest-growing trends in the world of beauty. With modern innovation allowing manufacturers to create devices that mimic the on-site technology used in treatments by professionals in salons, spas, and clinics, CurrentBody has brought together a complete selection of beauty devices designed specifically for home use.

We aim to offer the largest selection of safe, clinically proven electrical health and beauty products in the world, supported by a team with exceptional product knowledge and who provide excellent customer care.
