Spray Volume: 15-20ml/hr Standard sheet:GB4706.1-2005 GB4706.48-2009

Made in China

Product Contents

Aroma Flame X1, Type-C cableX1, ManualX1

Note

- The maximum water volume of the water tank is 180 ml, and the water injection volume shall not exceed the maximum water level indication line, otherwise the atomization effect will be affected or water leakage will cause damage to the machine.
- Please use the attached Type-C 2A power cord. If you use a substitute power cord, you must note that the current specification is 2a, otherwise the atomization effect will be affected.
- Please fill the atomizer with purified water to avoid damage to the function of the atomizer due to impurities in the water, so as to achieve the best maintenance effect.
- During operation, the sound inside the water tank is the sound of atomization, which is a normal phenomenon.

1 Year Limited Warranty

This product is warrantied for 1 year from the original date of purchase, against defects in materials and/or workmanship when utilized for normal household use. During this period if the unit is proven defective it will be repaired or replaced at the discretion of the authorized service technician.
