The HeadCase™ multi-purpose accessory works for all kinds of activities. It provides maximum comfort and protection against wind, snow, and sun.

The HeadCase™ is manufactured with 100% polyester micro-fibre which is wind resistant, breathable, and wicks moisture.

The HeadCase™ is constructed without seams and will not lose its shape. The micro-fibre dries in minutes, retains its elasticity and does not fray.

Does your Brand Stay on People's Minds?

Make your brand stand apart from gimmie caps, standard bandannas, and useless promotional items. The HeadCase™ is an open canvas for promoting your brand, shop, resort area, school or organization. Your message will be on minds for years, literally.

We offer full design services to create your unique HeadCase™.

Call for a custom pricing and development style guide.
