

Safety Data Sheet Pellé Leather Cleaner

1. Identification

Product Name: Pellé Leather Cleaner

Other Name(s):

Proper Shipping Name: None Applied

UN Number: None Applied

Recommended Use: Cleaning leather upholstery

Supplier:

In New Zealand:

In Australia:

Pellé Care Products Ltd

-

Address

8 Washdyke Flat Road
Timaru, New Zealand

Phone:

Tel. +64 3 688-2792
Fax. +64 3 688-2791

Email:

2. Hazard Identification

Statement of Hazardous Nature:

New Zealand:

Classified as non hazardous according to criteria in the Hazardous Substances (Minimum Degrees of Hazard) Regulations 2001.

Australia:

This chemical is not classified as hazardous according to the National Occupational Health and Safety Commission (NOHSC) Approved Criteria for Classifying Hazardous Substances 3rd Edition NOHSC:1008(2004)].

Note: The model Work Health and Safety (WHS) Regulations require chemicals to be classified in accordance with the Globally Harmonised System of Classification and Labelling of Chemicals (GHS). However transitional arrangements allow use of classification information in HSIS derived from the Approved Criteria (above) until the 31 December 2016.

Hazard Classification:

New Zealand: HSNO Classes: Not hazardous

Australia: Not hazardous.

Hazard Statements: None

Prevention Statements: Keep out of reach of children.
Read label before use. Read SDS before use.

3. Composition & Information on Ingredients

Ingredient	CAS Number	Concentration (%)
2-(2-butoxyethoxy) ethanol	112-34-5	less than 0.05%
Anti-fungal preparation	52645-53-1	less than 0.006%
Non-hazardous ingredients up to 100%.		

4. First Aid Measures

New Zealand Poisons & Hazardous Chemicals National Information Centre
 phone 0800 POISON – 0800 764 766
 Australia Poisons Information Centre
 phone 131 126

Skin: Wash with water. If irritation occurs seek medical advice.

Eyes: Wash with water. If irritation occurs seek medical advice.

Ingestion: Rinse out mouth and drink water. Seek medical advice.

Inhalation: Seek medical advice if you feel unwell.

Advice to Doctor: If medical advice is needed, have product container or label at hand.

5. Fire Fighting Measures

Flammability: Non-flammable.

Extinguishing media: Carbon dioxide, water spray or foam as appropriate to surrounding materials.

Hazardous Combustion products: Carbon monoxide may be evolved.

Flash point: Not Applicable.

Flammability limits: Not Applicable.

Auto-ignition temperature: Not Available.

HAZCHEM Code: Not Available.

6. Accidental Release Measures

Protect yourself and others from harm. Wear skin and eye protection, see Section 8 for further information.

Prevent large volumes from spreading or entering into drains, ditches or rivers by using sand, earth, or other appropriate barriers. Ventilate contaminated area thoroughly.

Spills: For small liquid spills (< 5 - 10L), soak up spill with an absorbent such as clay, sand or other suitable material. Collect by sweeping and shovelling and place in sealable containers for disposal.

For large liquid spills, transfer by mechanical means such as vacuum truck to a salvage tank for recovery or safe disposal. Do not flush away residues with water. Retain as contaminated waste.

7. Handling & Storage

Safe Handling

Keep out of reach of children.

Before use carefully read the product label.

Wash hands after using product.

No eating, drinking and smoking in work areas.

Storage

Store in a cool dry place.

8. Exposure Controls & Personal Protection

Exposure Standards

Workplace Exposure Standards (WES):

Work Safe New Zealand (Feb 2013). No WES applied to product or ingredients.

Safe Work Australia, (Apr 2013). No WES applied to product or ingredients.

Engineering Controls

Ventilation: No special ventilation control required.

Personal Protection (PPE)

Eyes/Face: No protective equipment required, splash resistant safety glasses with side shields, safety goggles (AS/NZS 1337), or a face-shield may be worn when handling this product.

Skin: No protective equipment required, disposable latex or nitrile gloves for splash protection may be worn when handling this product.

Respiratory Protection: No protective equipment required.

9. Physical & Chemical Properties

Appearance: Colourless liquid

Odour: Slight

pH: 6.8-7.2

Vapour pressure: Not Available

Vapour density: Not Available

Boiling point: Not Available

Pour point: Not Available

Specific gravity: ~1.027 (25°C)

Solubility (water): 100%

Solubility (other): Not Available

% Volatiles: Not Available

Flash point: Not Applicable

Flammability limits: Not Applicable

Auto ignition Temperature: Not Available

Evaporation rate: Not Available

Viscosity (dynamic): Not Available

10. Stability & Reactivity

Stability: Stable under normal conditions.

Conditions to avoid Stable under normal conditions.

Incompatibility / Materials to avoid: None known.

Hazardous decomposition products: May decompose in a fire to produce carbon monoxide.

Hazardous polymerisation: Will not polymerise.

11. Toxicological Information

Health Effects / Symptoms of Exposure

Ingestion: No specific symptoms noted.

Eyes: No specific symptoms noted.

Skin: No specific symptoms noted.

Inhalation: No specific symptoms noted.

Toxicological Data

Acute Oral Toxicity Not Available.

Acute Dermal Toxicity: Not Available.

Acute Inhalation Toxicity: Not Available.

Mutagenicity: Not Available.

Carcinogenicity: Not Available.

Reproductive toxicity: Not Available.

Sensitisation Not Available.

Specific Target Organ Toxicity (STOT) – single exposure Not Available.

Specific Target Organ Toxicity (STOT) – repeated exposure Not Available.

Aspiration hazard Not Available.

Sources: Safety Data Sheets for ingredients provided by client. CCID maintained by NZ-EPA

12. Ecological Information

Environmental Exposure Limit (EEL): None set.

Persistence in environment: Not Available.

Biodegradability: 100%

Mobility: Not Available.

Eco toxicological Data

Fish: Not Available.

Aquatic Invertebrates: Not Available.

Algae: Not Available.

Microorganisms: Not Available.

13. Disposal Considerations

Avoid release to the environment.

Waste is not classified as hazardous. Can be disposed of as normal waste.

Ensure that appropriate personal protective equipment is used during disposal.

Empty packaging should be washed with water for disposal or recycling.

14. Transport Information

Not classified as a Dangerous Good according to NZS 5433:2007

Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail.

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

Proper Shipping Name: Pellé Leather Cleaner

UN Number: Not Available.

DG Class: Not Available.

Subsidiary Risk: Not Available.

Packing Group: Not Available.

EPG: Not Available.

Marine Pollutant: No.

15. Regulatory Information

New Zealand: HSNO Approval

All components listed in the NZIoC.

Australia

All components listed in the AICS.

Company NICNAS registration number: 11850

16. Other Information

Abbreviations / Terminology:

AICS	Australian Inventory of Chemical Substances
AS/NZS 1337	Personal eye-protection
AS/NZS 1715	Selection Use and Maintenance of Respiratory Protective Devices
AS/NZS 1716	Respiratory Protective Devices
AS/NZS	Joint Australian New Zealand Standard
CAS#	Chemical Abstract Service number (a unique identifier for chemicals)
EEL	Environmental Exposure Limit
HSNO	(New Zealand) Hazardous Substances and New Organisms Act
MSDS	Material Safety Data Sheet
NZIoC	New Zealand Inventory of Chemicals
NZS 5433	Transport of Dangerous Goods on Land
NZS	New Zealand Standard
SDS	Safety Data Sheet
WES	Workplace Exposure Standard

Prepared with reference to:

Preparation of Safety Data Sheets, Approved Code of Practice under the HSNO Act [COP 8-1], New Zealand Chemical Industry Council Sep 2006

Preparation of Safety Data Sheets for Hazardous Chemicals, Code of Practice, Safe Work Australia December 2011

Current Version: 18 April 2016

Revision Information:

SDS may be revised from time to time, please ensure you have a current copy.

This revision: *Updated SDS to NZ and Australian standards*

Previous revision dated: 31/07/2014 – Pellé Leather Cleaner Rev. 6, manufacturer supplied.

Disclaimer:

This safety data sheet attempts to describe as accurately as possible the potential exposures associated with normal use of the product described herein. Health and safety precautions in the data sheet may not be adequate for all individuals and/or situations. Users have the responsibility to evaluate and use this product safely and to comply with all applicable laws and regulations.

Whilst the information contained in this document is based on data, which, to the best of our knowledge, was accurate and reliable at the time of preparation, no warranty or responsibility can be accepted for negligent use, please read the application instructions before use.
