INNOVATIVE SURFACES

SOFT MATT GRAPH **AEXTRA20**

SOFT.

An innovative surface for the delicate tactile sensation. The smooth appearance conveys a new look capable of enhancing the environment.

MATT.

Matte surface in line with current trends. In sizes up to 120x120 and with a R10 A+B non-slip coefficient, these tiles combine performance and aesthetics allowing installation wherever you want.

GRAPH.

Inspired by the continuous brushing resin application technique, a new three-dimensional surface takes shape. The fine 3D scoring fashions new spaces.

AEXTRA20

Characterised by a structure that guarantees a R11 A+B+C non-slip coefficient and a thickness of 20mm, these tiles are ideal for shaping solutions designed to enhance outdoor living.

RANGE

COLOURS FORMATS FINISHES

Tactility and structure texture explore all shades of grey, sliding towards ethereal white and total black. 3 colour accents and 4 finishes sparks your imagination and make a statement in a wide array of environments. The introduction of the new 80x80 format expands the possibilities of use and completes our propos-al for a more modern and constantly evolving market.
