HEPA AIR PURIFIER & OZONE GENERATOR

HOME

Innovation with purpose
OZONE AIR PURIFIER

The Ivation® HEPA Air Purifier & Ozone Generator is the perfect all-in-one solution for a fresher, cleaner home or office. By safely utilizing UV radiation and electrical current to temporarily transform oxygen into ozone, this dynamic apparatus helps to eliminate odors, airborne dust, and other impurities within its reach. Breathe easy...you've finally cleared the air!

- Purifies the air by turning oxygen into cleansing ozone
- Helps eliminate stubborn odors
- Ionizer helps remove dust and other particles from the air
- Reduces airborne contaminants
- Built-in UV Light
- Powerful HVAC fan
- Easy to operate and clean
- Adjustable settings to achieve the perfect level of freshness
